

## Installing VanGuard<sup>™</sup> 8.0.1.0 (for PCs)

This User Guide will help you understand how to download and install VanGuard. VanGuard is a secure browser which adds security, reliability, and validity to the online test environment. It is designed to reduce the risk of cheating, test interruption, and variances in the test environment.

**STEP ONE:** Type the Internet address of College Success into your Web browser.

- You can access the application from any computer with an Internet connection.
- You can use any Web browser to access the application.
- We DO NOT recommend the use of mobile devices, such as iPADs, to access the application.

## https://college.measuredsuccess.com

**STEP TWO:** Enter your username and password and then click the **Sign In** button. This will launch the application.

- Only Site Managers are permitted to download and install VanGuard.
- If you are unsure of your credentials, please contact your Institution Administrator or the McCann Help Desk for support.
